FEEDBACK Report

According to the collected feedback from the partners, the meeting was of high importance because it highlighted the managerial aspects of the project and what are the next steps to be followed. Moreover, it was mentioned that the partners' presentations strengthen the partnership and let them know more about their working practices.

Another important aspect is that the presented agenda allowed youth to get acquainted with the European Parliament and how it works, what the EU Institutions are, their functions and the opportunities they offer.

The street debate session was rated by the respondents as very informative and precise, a useful tool to get to know individuals' ideas/opinions.
